

Public Building Commission – Roof Replacement for Fire Headquarters
May 16, 2018
Fire Headquarters, 250 Maple Avenue, Cheshire CT

Members Present: Phil Bowman, Committee Chairman
Others Present: George Noewatne, Public Works and Engineering
Keith Baron, Public Works
Frank Gilroy, consultant

The meeting was called to order at 3:05 PM. A quorum was determined to be present.

The group toured the roof and discussed specifics to be included in the planned bid documents, including:

- EPDM roof
- New curbs for HVAC equipment
- Closure of unused penetrations
- New metal coping
- Installation of siding on outside parapet wall
- Removal of asbestos under current coping

Phil Bowman made a motion to adjourn and the meeting was adjourned at 4:00 PM.
