RE: 50 Hazel Drive/Minutes/Petitions submitted

Dear Commission Members:

Denise Bastin had called with concern that the numbers mentioned in the minutes of the July 13, 2020 Public Hearing did not reflect the numbers on the Petitions submitted.

I recounted and yes, the numbers should read:

For the Petition to stop the Zone Change 50 Hazel Drive - 152 signatures, 33 of the 152 were out of town and 3 no address at all.

For the Petition to remove the Hazel Dr. Special Permit Application hearing from the agenda until in person meetings – 165 Signatures , 31 of the 165 out of town.

You had received a copy of both of the Petitions and they are also posted on the website.

The numbers were off.

The minutes should reflect the new numbers.

Thank you.
